

IDDX Delphi - Round II

Below, you will find the IDDX terms that did not reach the required 75% consensus threshold in the first round of the Delphi. Please choose, for each of the presented items, one of the options. Round (radio) buttons require the selection of one item, whereas square (checkbox) buttons allow the selection of none, one or multiple items.

*** Required**

1. Please enter your email address: *

2. As well as your Session ID: *

Benign - Melanocytic proliferations - Nevus, Atypical (and Nevus, Clark/Dysplastic)

3. Nevus, Atypical, NOS / Nevus, Clark / Nevus, Dysplastic: Diagnosis terms *

Mark only one oval.

- ☐ Retain all three diagnoses as separate IDDX terms
- ☐ Combine all three diagnoses to "Nevus, Atypical, NOS / Nevus, Dysplastic / Nevus, Clark"
- ☐ Combine as "Nevus, Atypical, NOS", with synonyms "Nevus, Dysplastic" and "Nevus, Clark"
- ☐ Combine as "Nevus, Atypical, NOS / Nevus, Dysplastic", Delete "Nevus, Clark"
- ☐ Retain only ""Nevus, Atypical, NOS", Delete "Nevus, Dysplastic" and "Nevus, Clark"

4. Nevus, Atypical, NOS: Modifiers *

Mark only one oval.

- ☐ Retain all modifiers ("Junctional / Compound / Dermal (intradermal)")
- ☐ Remove modifier "Dermal (intradermal)", Retain modifiers "Junctional / Compound"

Benign - Melanocytic proliferations - Lentiginous melanocytic proliferation

5. Lentiginous melanocytic proliferation: Diagnosis term *

Mark only one oval.

- ☐ Retain this IDDX term ("Lentiginous melanocytic proliferation")
- ☐ Delete this IDDX term
- ☐ Combine this IDDX term with "Lentigo simplex"
- ☐ Combine this IDDX term with "Atypical intraepithelial melanocytic proliferation (AIMP)"

6. Lentiginous melanocytic proliferation: Modifiers *

Mark only one oval.

- ☐ No changes to the modifiers
- ☐ Add modifier "Acral / Solar / Mucosal" to this IDDX term

Benign - Melanocytic proliferations - Nevus, Unna

7. Nevus, Unna: Diagnosis term *

Mark only one oval.

- ☐ Retain this IDDX term ("Nevus, Unna")
- ☐ Delete this IDDX term
- ☐ Reclassify "Nevus, Unna" as modifier to the IDDX term "Nevus, NOS, Dermal (Intradermal)"

Benign - Melanocytic proliferations - Nevus, Miescher

8. Nevus, Miescher: Diagnosis term *

Mark only one oval.

- ☐ Retain this IDDX term ("Nevus, Miescher")
- ☐ Delete this IDDX term
- ☐ Reclassify "Nevus, Miescher" as modifier to the IDDX term "Nevus, NOS, Dermal (Intradermal)"

Benign - Melanocytic proliferations -
Nevus, BAP-1 deficient

Note: As a reminder, in the extant literature no Junctional BAP-1 deficient Nevi have been reported.

9. Nevus, BAP-1 deficient: Modifiers *

Mark only one oval.

- ☐ Retain all modifiers ("Junctional / Compound / Dermal (intradermal)")
- ☐ Delete modifier "Junctional", Retain modifiers "Compound / Dermal (intradermal)"

10. Nevus, BAP-1 deficient: Synonyms *

Mark only one oval.

- ☐ Do not add another synonym
- ☐ Add synonym "BAPoma" to IDDX term "Nevus, BAP-1 deficient"

Benign - Melanocytic proliferations - Blue nevus, Deep penetrating

11. Blue nevus, Deep penetrating: Diagnosis term *

Mark only one oval.

- ☐ Retain this IDDX term ("Blue nevus, Deep penetrating") as is
- ☐ Change IDDX term to "Nevus, Deep penetrating"

12. Blue nevus, Deep penetrating: Synonyms *

Mark only one oval.

- ☐ Do NOT add synonym "Merhregan nevus" to IDDX term "Blue nevus, Deep penetrating"
- ☐ Add synonym "Merhregan nevus" to IDDX term "Blue nevus, Deep penetrating"

13. Blue nevus, Deep penetrating: Synonyms *

Mark only one oval.

- ☐ Do NOT add synonym "Seab nevus" to IDDX term "Blue nevus, Deep penetrating"
- ☐ Add synonym "Seab nevus" to IDDX term "Blue nevus, Deep penetrating"

Benign - Cysts - Infundibular / epidermal cyst

14. Infundibular / epidermal cyst: Synonyms *

Mark only one oval.

- ☐ Retain synonym as "Epidermoid-inclusion cyst"
- ☐ Delete synonym "Epidermoid-inclusion cyst"
- ☐ Modify synonym to "Epidermoid cyst"

15. Infundibular / epidermal cyst: Synonyms *

Mark only one oval.

- ☐ Retain synonym "keratin cyst"
- ☐ Rename synonym to "keratinous cyst"

Malignant - Melanocytic proliferations - Melanoma in situ, Pagetoid

16. Melanoma in situ, Pagetoid: Diagnosis term *

Mark only one oval.

- ☐ Retain this IDDX term ("Melanoma in situ, Pagetoid")
- ☐ Delete this IDDX term

Malignant - Epidermal proliferations - Solar cheilitis

17. Solar cheilitis: Diagnosis term *

Mark only one oval.

- ☐ Retain this IDDX term ("Solar cheilitis")
- ☐ Change IDDX term to "Solar (actinic) cheilitis"
- ☐ Change IDDX term to "Solar (actinic) keratosis of lips / solar (actinic) cheilitis"
- ☐ Delete this IDDX term

18. Solar cheilitis: Super-category (taxonomy placing) *

Mark only one oval.

- ☐ Keep this IDDX term in Super-category "Malignant"
- ☐ Move this IDDX term from Super-category "Malignant" to "Uncertain"

Malignant - Epidermal proliferations - PUVA-associated keratosis

19. PUVA-associated keratosis: Diagnosis term *

Mark only one oval.

- ☐ Retain this IDDX term ("PUVA-associated keratosis")
- ☐ Delete this IDDX term

Malignant - Epidermal proliferations - Squamous cell carcinoma in situ, Solar keratotic type

20. Squamous cell carcinoma in situ, Solar keratotic type: Diagnosis term *

Mark only one oval.

- ☐ Retain this IDDX term ("Squamous cell carcinoma in situ, Solar keratotic type")
- ☐ Change IDDX term to "Squamous cell carcinoma in situ, Solar (actinic) keratosis type"
- ☐ Delete this IDDX term

Malignant - Epidermal proliferations - Digitated squamous cell carcinoma in situ

21. Digitated squamous cell carcinoma in situ: Diagnosis term *

Mark only one oval.

- ☐ Retain this IDDX term ("Digitated squamous cell carcinoma in situ")
- ☐ Delete this IDDX term

Uncertain - Melanocytic proliferations - Pagetoid intraepidermal melanocytic proliferation (PIMP)

22. Pagetoid intraepidermal melanocytic proliferation (PIMP): Diagnosis term *

Mark only one oval.

- ☐ Retain this IDDX term ("Pagetoid intraepidermal melanocytic proliferation (PIMP)")
- ☐ Delete this IDDX term

23. Pagetoid intraepidermal melanocytic proliferation (PIMP): Synonyms *

Mark only one oval.

- ☐ Do not add a synonym to the IDDX term
- ☐ Add synonym "Melanocytic intraepidermal neoplasia (MIN)" to IDDX term "Pagetoid intraepidermal melanocytic proliferation (PIMP)"

Uncertain - Melanocytic proliferations - Atypical intraepithelial melanocytic proliferation (AIMP)

24. Atypical intraepithelial melanocytic proliferation (AIMP): Diagnosis term *

Mark only one oval.

- ☐ Retain this IDDX term ("Atypical intraepithelial melanocytic proliferation (AIMP)")
- ☐ Delete this IDDX term
- ☐ Change term to "Atypical *intraepidermal* melanocytic proliferation (AIMP)" (* = highlighted)
- ☐ Change term to "Intraepidermal atypical melanocytic proliferation of uncertain significance"

25. Atypical intraepithelial melanocytic proliferation (AIMP): Synonyms *

Mark only one oval.

- ☐ Do not add a synonym to IDDX term
- ☐ Add synonym "Melanocytic intraepithelial neoplasia (MIN)" to IDDX term "Atypical intraepithelial melanocytic proliferation (AIMP)"

Uncertain - Melanocytic proliferations - Atypical melanocytic neoplasm, Junctional

26. Atypical melanocytic neoplasm, Junctional: Diagnosis term *

Mark only one oval.

- ☐ Retain this IDDX term ("Atypical melanocytic neoplasm, Junctional")
- ☐ Delete this IDDX term
- ☐ Change term to "Atypical melanocytic neoplasm, Junctional with uncertain malignant potential"

27. Atypical melanocytic neoplasm, Junctional: Synonyms *

Mark only one oval.

- ☐ Do not add a synonym to IDDX term
- ☐ Add synonym "Melanocytic intraepithelial neoplasia (MIN)" to IDDX term "atypical melanocytic neoplasm, Junctional"

28. Atypical melanocytic neoplasm: New term *

Mark only one oval.

- ☐ Do not add additional IDDX term
- ☐ Add new IDDX term "Atypical melanocytic neoplasm, Compound"

Uncertain - Melanocytic proliferations - Atypical pigmented spindle cell tumor, Junctional

29. Atypical pigmented spindle cell tumor, Junctional: Diagnosis term *

Mark only one oval.

- ☐ Retain this IDDX term ("Atypical pigmented spindle cell tumor, Junctional")
- ☐ Delete this IDDX term
- ☐ Change to "Atypical pigmented spindle cell tumor, Junctional with uncertain malignant potential"
- ☐ Combine this IDDX term with "Atypical pigmented spindle cell tumor, Compound", into "Atypical pigmented spindle cell tumor", with modifiers "Junctional / Compound"

Uncertain - Melanocytic proliferations - Atypical pigmented spindle cell tumor, Compound

30. Atypical pigmented spindle cell tumor, Compound: Diagnosis term *

Mark only one oval.

- ☐ Retain this IDDX term ("Atypical pigmented spindle cell tumor, Compound")
- ☐ Delete this IDDX term
- ☐ Change to "Atypical pigmented spindle cell tumor, Compound with uncertain malignant potential"
- ☐ Combine this IDDX term with "Atypical pigmented spindle cell tumor, Junctional", into "Atypical pigmented spindle cell tumor", with modifiers "Junctional / Compound"

Uncertain - Melanocytic proliferations - Atypical melanocytic neoplasm, Compound

31. Atypical melanocytic neoplasm, Compound: Diagnosis term *

Mark only one oval.

- ☐ Retain this IDDX term ("Atypical melanocytic neoplasm, Compound")
- ☐ Delete this IDDX term
- ☐ Change to "Atypical melanocytic neoplasm, Compound with uncertain malignant potential"
- ☐ Combine this IDDX term with "Atypical melanocytic neoplasm, Compound", into "Atypical melanocytic neoplasm", with modifiers "Junctional / Compound"

32. Atypical melanocytic neoplasm, Compound: Modifiers *

Mark only one oval.

- ☐ Do not change modifiers
- ☐ Change modifiers to "MPATH II / MPATH III"

IDDX Delphi -
Round 2 - Part 2 -
Additional IDDX
terms

For this second part, please check all terms you would like to see added to the IDDX diagnosis term taxonomy under the mentioned category. Note: for radio button (forced-choice options), a selection must be made!

33. Benign - Category naming *

Mark only one oval per row.

	Yes	No
Change category "Benign - Exogenous" to "Benign - Deposits"	<input type="radio"/>	<input type="radio"/>

34. Benign - Melanocytic proliferations *

Mark only one oval per row.

	Yes	No
Add "Blue nevus, sclerosing"; with synonym: "Blue nevus, fibrotic"	<input type="radio"/>	<input type="radio"/>
Add "Blue nevus, Plaque type"	<input type="radio"/>	<input type="radio"/>
Add "Nevus of Hori"	<input type="radio"/>	<input type="radio"/>

35. Benign - Melanocytic proliferations (multiple choice) *

Mark only one oval.

- ☐ Add none of the below mentioned options
- ☐ Add "Dermal dendritic cell melanocytosis, NOS"
- ☐ Add "Dermal melanocytosis, NOS"

36. Benign - Flat melanotic pigmentations (not melanocytic nevus) *

Mark only one oval per row.

	Yes	No
Move "Solar lentigo" from "Epidermal proliferations" into this category	<input type="radio"/>	<input type="radio"/>
Add "Ephelis"; synonym "Freckle"	<input type="radio"/>	<input type="radio"/>

37. Benign - Epidermal proliferations *

Mark only one oval per row.

	Yes	No
Add "Seborrheic keratosis, clonal"	<input type="radio"/>	<input type="radio"/>

38. Benign - Adnexal epithelial proliferations - Follicular *

Mark only one oval per row.

	Yes	No
Add "Tricholemmoma, Desmoplastic"	<input type="radio"/>	<input type="radio"/>
Add "Proliferating tricholemmal tumor"	<input type="radio"/>	<input type="radio"/>
Add "Folliculosebaceous cystic hamartoma"	<input type="radio"/>	<input type="radio"/>

39. Benign - Adnexal epithelial proliferations - Apocrine or Eccrine *

Mark only one oval per row.

	Yes	No
Add "Mixed tumor, NOS"	<input type="radio"/>	<input type="radio"/>
Add "Hidradenoma, NOS"	<input type="radio"/>	<input type="radio"/>

40. Benign - Hemorrhagic lesions (extravasation of erythrocytes) *

Mark only one oval per row.

	Yes	No
Add "Hemorrhage, mucosal"	<input type="radio"/>	<input type="radio"/>

41. Benign - Soft tissue proliferations - Vascular *

Mark only one oval per row.

	Yes	No
Add "Glomangiomyoma"	<input type="radio"/>	<input type="radio"/>

42. Benign - Soft tissue proliferations - Fibro-histiocytic *

Mark only one oval.

- ☐ Add "Perifollicular fibroma" as a IDDX term
- ☐ Add "Perifollicular fibroma" as synonym for "Angiofibroma, Facial"
- ☐ Do NOT add "Perifollicular fibroma" as either IDDX term or synonym

43. Benign - Soft tissue proliferations - Fibro-histiocytic (2) *

Mark only one oval per row.

	Yes	No
Add "Dermatofibroma, Atypical"	<input type="radio"/>	<input type="radio"/>

44. Benign - Soft tissue proliferations - Muscle tissue or myofibroblastic *

Mark only one oval per row.

	Yes	No
Add "Nodular Fasciitis"	<input type="radio"/>	<input type="radio"/>

45. Benign - Soft tissue proliferations - Adipocytic *

Mark only one oval per row.

	Yes	No
Add "Fibrolipoma"	<input type="radio"/>	<input type="radio"/>

46. Benign - Soft tissue proliferations - Neural *

Mark only one oval per row.

	Yes	No
Add "Non-neural granular cell tumor"	<input type="radio"/>	<input type="radio"/>

47. Benign - Cysts / Adnexal epithelial proliferations - Follicular (multiple choice) *

Mark only one oval.

- ☐ Add none of the below mentioned options
- ☐ Add "Proliferating tricholemmal tumor" in Category Benign - Cysts
- ☐ Add "Proliferating tricholemmal tumor" in Category Benign - Adnexal epithelial proliferations - Follicular

48. Benign - Infectious diseases *

Mark only one oval per row.

	Yes	No
Add "Verrucous keratosis"	<input type="radio"/>	<input type="radio"/>
Add "Verruca filiformis"	<input type="radio"/>	<input type="radio"/>

49. Malignant - Melanocytic proliferations *

Mark only one oval per row.

	Yes	No
Add "Melanoma in situ, associated with a nevus"; require to specify nevus type (____)	<input type="radio"/>	<input type="radio"/>

50. Malignant - Melanocytic proliferations *

Mark only one oval per row.

	Yes	No
Add "Melanoma invasive, associated with a nevus"; require to specify nevus type (____)	<input type="radio"/>	<input type="radio"/>

51. Malignant - Melanocytic proliferations (modifiers) *

Mark only one oval per row.

	Yes	No
Add Modifier "pigmented; hypomelanotic/amelanotic" to all "Melanoma invasive"	<input type="radio"/>	<input type="radio"/>
Add Modifier "pigmented; hypomelanotic/amelanotic" to all "Melanoma in situ"	<input type="radio"/>	<input type="radio"/>

52. Malignant - Epidermal proliferations *

Mark only one oval per row.

	Yes	No
Add "Solar (actinic) keratosis, Lichenoid"	<input type="radio"/>	<input type="radio"/>
Add "Verrucous carcinoma, NOS"	<input type="radio"/>	<input type="radio"/>
Add "Involuting" as a Modifier to IDDX term "Keratoacanthoma"	<input type="radio"/>	<input type="radio"/>
Add "Squamous cell carcinoma, Invasive, sarcomatoid"	<input type="radio"/>	<input type="radio"/>

53. Malignant - Soft tissue proliferations - Muscle tissue or myofibroblastic *

Mark only one oval per row.

	Yes	No
Add "Atypical intradermal smooth muscle tumor"	<input type="radio"/>	<input type="radio"/>

54. Malignant - Lymphocytic proliferations - T-Cell/NK *

Mark only one oval per row.

	Yes	No
Add "Primary Cutaneous CD4+ small/medium T-cell lymphoproliferative disorder"	<input type="radio"/>	<input type="radio"/>
