

IDDx Diagnosis Terms (with synonyms/modifiers)

Round 1 Round 2 Round 3

Benign

Benign melanocytic proliferations

Nevus, NOS, Junctional

Nevus, NOS, Compound

Nevus, NOS, Dermal (Intradermal)

Nevus, Atypical, NOS / Nevus, Dysplastic /
Nevus, Clark

Modifiers: "Junctional;Compound;Dermal
(intradermal)" **and** "Mild atypia (MPATH
I);Moderate atypia (MPATH II);Severe atypia
(MPATH III)"

Edits: Combined term

edited

~~Nevus, Clark~~

Modifiers: "Junctional;Compound" **and** "Mild
atypia (MPATH I);Moderate atypia (MPATH
II);Severe atypia (MPATH III)"

deleted

~~Nevus, Dysplastic~~

Synonym: Nevus with architectural disorder and
cytological atypia

Modifiers: "Junctional;Compound" **and** "Mild
atypia (MPATH I);Moderate atypia (MPATH
II);Severe atypia (MPATH III)"

deleted

Nevus, Lentiginous

Modifiers: "Junctional;Compound" **and** "Mild
atypia (MPATH I);Moderate atypia (MPATH
II);Severe atypia (MPATH III)"

Lentiginous melanocytic proliferation

Modifiers: "Junctional;Compound" **and** "Mild
atypia (MPATH I);Moderate atypia (MPATH
II);Severe atypia (MPATH III)"

Nevus, Spitz

<p>Synonym: Spindle and epithelioid cell nevus</p> <p>Modifier: "Junctional;Compound;Dermal (intradermal)"</p>			
<p>Nevus, Reed</p> <p>Synonym: Pigmented spindle cell nevus</p> <p>Modifier: "Junctional;Compound"</p>			
<p>Nevus, Unna</p> <p>Modifier: "Compound;Dermal (intradermal)"</p>			deleted
<p>Nevus, Miescher</p> <p>Modifier: "Compound;Dermal (intradermal)"</p>			deleted
<p>Nevus, BAP-1 deficient</p> <p>Synonyms: Wiesner nevus; BAPoma</p> <p>Modifier: "Junctional;Compound;Dermal (intradermal)"</p> <p>Edits: Edited synonym</p>	edited		
<p>Nevus, Congenital (per history - present at birth or within 1 year of infancy)</p> <p>Modifiers: "Junctional;Compound;Dermal (intradermal)" <i>and</i> "Superficial (Ackerman nevus);Superficial and deep (Zitelli nevus);Deep (Mark nevus)"</p>			
<p>Nevus, Congenital pattern (per histopathology)</p> <p>Modifiers: "Junctional;Compound;Dermal (intradermal)" <i>and</i> "Superficial (Ackerman nevus);Superficial and deep (Zitelli nevus);Deep (Mark nevus)"</p>			
<p>Proliferative nodule in congenital melanocytic nevi (Minimal or no atypia AND no mitotic activity (MPATH II))</p>			
<p>Nevus, Spilus</p>			
<p>Nevus, Agminated</p>			
<p>Blue nevus, NOS</p>			
<p>Blue nevus, Common</p> <p>Synonym: Tièche-Jadanssohn nevus</p>			
<p>Blue nevus, Cellular</p> <p>Synonym: Masson blue neuronevus</p>			
<p>Blue nevus, Epithelioid</p>			

Blue nevus, Sclerosing Synonym: Blue nevus, Fibrotic	added		
Blue nevus, Plaque type	added		
Nevus, Deep penetrating Synonym: Seab nevus Edits: Renamed	edited		
Nevus, Combined (details of 2 components to be specified)			
Nevus, Combined, NOS			
Nevus, Acral Modifier: "Junctional;Compound;Dermal (intradermal)"			
Nevus, Of special anatomic site (e.g., genital, flexural, milkline and breast, other) Modifier: "Junctional;Compound;Dermal (intradermal)"			
Nevus, Recurrent / persistent Modifier: "Junctional;Compound;Dermal (intradermal)"			
Nevus, Halo Synonym: Sutton nevus Modifier: "Junctional;Compound;Dermal (intradermal)"			
Nevus, Balloon cell Modifier: "Junctional;Compound;Dermal (intradermal)"			
Nevus, Meyerson Synonym: Nevus with spongiotic inflammation Modifier: "Junctional;Compound;Dermal (intradermal)"			
Lentigo simplex Synonym: Simple lentigo			
Mongolian spot			
Nevus of Ito			
Nevus of Ota			
Pigmented epithelioid melanocytoma			

Dermal melanocytosis, NOS		added	
Benign melanocytic proliferations, other (to be specified)			

Flat melanotic pigmentations (not melanocytic nevus)

Ink-spot lentigo			
Synonym: Reticulated lentigo			
Mucosal melanotic macule			
Synonym: Mucosal lentigo			
Café au lait macule / patch			
Ephelis	added		
Synonym: Freckle			

Benign epidermal proliferations

Solar lentigo			
Seborrheic keratosis			
Seborrheic keratosis, Clonal	added		
Lichen planus like keratosis			
Synonym: Lichenoid keratosis			
Clear cell acanthoma			
Synonym: Pale cell acanthoma			
Large cell acanthoma			
Porokeratosis			
Epidermal nevus			
Epidermolytic acanthoma			
Acantholytic acanthoma			
Melanoacanthoma			
Benign epidermal proliferations, other (to be specified)			

Benign adnexal epithelial proliferations - Follicular

Trichoblastoma, NOS			
Trichoepithelioma			
Synonym: Trichoblastoma, Cribriform			

Trichoepithelioma, Desmoplastic			
Tricholemmoma			
Tricholemmoma, Desmoplastic	added		
Proliferating tricholemmal tumor	added		
Folliculosebaceous cystic hamartoma	added		
Pilomatricoma			
Trichofolliculoma			
Proliferating tricholemmal tumor		added	
Pilar sheath acanthoma			
Nevus comedonicus			
Warty dyskeratoma			
Tumor of follicular infundibulum			
Panfolliculoma			
Benign adnexal epithelial proliferations, Follicular or Infundibular, other (to be specified)			

Benign adnexal epithelial proliferations - Sebaceous

Sebaceous hyperplasia			
Sebaceous adenoma			
Sebaceoma			
Nevus sebaceus			
Fordyce spots			
Synonym: Montgomery tubercles			
Fibrofolliculoma			
Trichodiscoma			
Benign adnexal epithelial proliferations, Sebaceous, other (to be specified)			

Benign adnexal epithelial proliferations - Apocrine or Eccrine

Syringoma			
Poroma			
Hidradenoma, Apocrine, NOS			

Hidradenoma, Apocrine, Predominantly with clear cells			
Hidradenoma, Poroid			
Hidradenoma papilliferum			
Hidradenoma, NOS	added		
Spiradenoma			
Cylindroma			
Mixed tumor, Apocrine type			
Synonym: Chondroid syringioma, Apocrine type			
Mixed tumor, Eccrine type			
Synonym: Chondroid syringioma, Eccrine type			
Mixed tumor, NOS	added		
Synonym: Chondroid syringioma, NOS			
Syringocystadenoma papilliferum			
Apocrine tubular adenoma			
Syringofibroadenoma			
Supernumerary nipple			
Fibroadenoma			
Myoepithelioma			deleted
Cystadenoma			
Benign adnexal epithelial proliferations, Apocrine or Eccrine, other (to be specified)			

Hemorrhagic lesions (extravasation of erythrocytes)

Hemorrhage, NOS			
Hemorrhage, Subcorneal and intracorneal			
Hemorrhage, Dermal and subcutaneous			
Hemorrhage, Subungual			
Hemorrhage, Mucosal	added		
Hemorrhage, other (to be specified)			

Benign soft tissue proliferations - Vascular

Hemangioma, NOS			
-----------------	--	--	--

Hemangioma, Cherry Synonym: Cherry angioma			
Hemangioma, Infantile			
Noninvoluting congenital hemangioma (NICH)			
Rapidly involuting congenital hemangioma (RICH)			
Hemangioma, Hobnail			
Hemangioma, Tufted			
Glomeruloid hemangioma			
Acquired elastotic hemangioma			
Verrucous hemangioma			
Hemangioma, other (to be specified)			
Angiokeratoma			
Pyogenic granuloma			
Glomus tumor			
Glomangiomyoma	added		
Angiolymphoma			deleted
Angiolymphoid hyperplasia with eosinophilia			
Nevus anemicus			
Capillary vascular malformation Synonyms: Port wine stain;Nevus flammeus			
Venous malformation			
Arterio-venous malformation			
Lymphangioma (superficial lymphatic malformation)			
Other vascular or lymphatic malformation / hamartoma (to be specified)			
Vascular spider Synonym: Spider angioma			
Venous lake			
Telangiectasia			
Acroangiokeratosis of Mibum			

Benign soft tissue proliferations, Vascular, other (to be specified)			
---	--	--	--

Benign soft tissue proliferations - Fibro-histiocytic

Dermatofibroma, NOS			
---------------------	--	--	--

Synonym: Fibrous histiocyoma NOS			
---	--	--	--

Dermatofibroma, Aneurysmal			
----------------------------	--	--	--

Dermatofibroma, Hemosiderotic			
-------------------------------	--	--	--

Dermatofibroma, Epithelioid			
-----------------------------	--	--	--

Dermatofibroma, Cellular			
--------------------------	--	--	--

Dermatofibroma, Atypical	added		
--------------------------	-------	--	--

Dermatofibroma, other (to be specified)			
---	--	--	--

Non-Langerhans histiocytosis, NOS			
-----------------------------------	--	--	--

Juvenile xanthogranuloma			
--------------------------	--	--	--

Rosai-Dorfman disease			
-----------------------	--	--	--

Reticulohistiocytosis			
-----------------------	--	--	--

Non-Langerhans histiocytosis, other (to be specified)			
---	--	--	--

Fibroepithelial polyp			
-----------------------	--	--	--

Synonyms: Skin tag;Acrochordon			
---------------------------------------	--	--	--

Angiofibroma, Facial			
----------------------	--	--	--

Synonyms: Fibrous papule;Perifollicular fibroma		edited	
--	--	--------	--

Edits: Edit synonyms			
-----------------------------	--	--	--

Angiofibroma, Penile			
----------------------	--	--	--

Synonym: Pearly penile papule			
--------------------------------------	--	--	--

Angiofibroma, Periungual			
--------------------------	--	--	--

Synonym: Koenen tumor			
------------------------------	--	--	--

Myxoma, Cutaneous			
-------------------	--	--	--

Fibroma, NOS			
--------------	--	--	--

Fibroma, Sclerotic			
--------------------	--	--	--

Fibroma, Pleomorphic			
----------------------	--	--	--

Fibroma, other (to be specified)			
----------------------------------	--	--	--

Giant cell tumor of the tendon sheath			
---------------------------------------	--	--	--

Scar, NOS			
-----------	--	--	--

Scar, Hypertrophic			
Scar, Keloid			
Benign soft tissue proliferations, Fibro-histiocytic, other (to be specified)			

Benign soft tissue proliferations - Muscle tissue or myofibroblastic

Dermatomyofibroma Synonym: Plaque-like dermal fibromatosis			
Smooth muscle hamartoma			
Piloleiomyoma			
Angioleiomyoma			
Dartois muscle leiomyoma Synonym: Nipple or external genital leiomyoma			
Nodular Fasciitis	added		
Benign soft tissue proliferations, Myofibroblastic or muscle tissue, other (to be specified)			

Benign soft tissue proliferations - Adipocytic

Lipoma, NOS			
Lipoma, Spindle cell / pleomorphic			
Angiolipoma			
Fibrolipoma	added		
Lipomatous nevus			
Benign soft tissue proliferations, Adipocytic, other (to be specified)			

Benign soft tissue proliferations - Neural

Neuroma, NOS			
Neuroma, Traumatic			
Neuroma, Palisaded and encapsulated			
Neurofibroma, NOS			
Neurofibroma, Plexiform			
Granular cell tumor			

Granular cell tumor, Non-neural	added		
Schwannoma			
Nerve sheath myxoma			
Perineurioma			
Benign soft tissue proliferations, Neural, other (to be specified)			

Benign soft tissue proliferations - Cartilagenous and ossifying

Accessory tragus			
Extraskelatal chondroma			
Subungual osteochondroma Synonym: Subungual exostosis			
Osteoma cutis			
Benign soft tissue proliferations, Cartilagenous and ossifying, other (to be specified)			

Benign soft tissue proliferations - Myoepithelial

Myoepithelioma			
----------------	--	--	--

Mast cell proliferations

Mastocytosis, NOS			
Mastocytoma, Solitary / unifocal			
Maculopapular mastocytoma Synonym: Urticaria pigmentosa			
Mastocytosis, Diffuse / multifocal (subtype: Telangiectasia macularis eruptiva perstans, Diffuse cutaneous, other; to be specified) Edits: Spelling			edited
Mast cell proliferation, other (to be specified)			

Langerhans cell proliferations

Langerhans cell histiocytosis, NOS			
Langerhans cell histiocytosis, Solitary / unifocal			
Langerhans cell histiocytosis, Diffuse /			

multifocal			
Langerhans cell histiocytosis, other (to be specified)			
Indeterminate cell histiocytosis, NOS			
Erdheim Chester disease			
Mixed Langerhans cell histiocytosis and Erdheim Chester disease			

Cysts

Cyst, NOS			
Milium			
Comedo			
Infundibular / epidermal cyst			
Synonym: Sebaceous / keratinous cyst			
Edits: Edited synonyms			edited
Trichilemmal / isthmic-catagen / pilar cyst			
Dilated pore			
Synonym: Dilated port of Winer			
Steatocystoma			
Digital mucous cyst			
Synonym: Ganglion / digital myxoid cyst			
Benign cyst, other (to be specified)			

Inflammatory diseases

Psoriasis	deleted		
Lichen planus	deleted		
Folliculitis	deleted		
Dermatitis, NOS	deleted		
Dermatitis, Atopic	deleted		
Dermatitis, Allergic contact	deleted		
Dermatitis, Irritant contact	deleted		
Dermatitis, Numular	deleted		
Dermatitis, Dyshidrotic	deleted		

Schamberg disease	deleted		
Purpura annularis telangiectasia	deleted		
Synonym: Majocchi disease			
Eczematoid purpura	deleted		
Synonym: Doucas-Kapenatakis disease			
Lichenoid purpura	deleted		
Synonym: Gougerot-Blum disease			
Lichen aureus	deleted		
Inflammatory disease, other (to be specified)	deleted		

Infectious diseases

Tinea corporis	deleted		
Pityriasis versicolor	deleted		
Verruca, NOS	deleted		
Verruca vulgaris	deleted		
Synonym: Common wart			
Verruca plantaris	deleted		
Synonym: Palmo-plantar wart			
Verruca plana	deleted		
Synonym: Flat wart			
Molluscum contagiosum	deleted		
Tungiasis	deleted		
Furuncular myiasis	deleted		
Scabies	deleted		
Larva migrans	deleted		
Infectious disease, other (to be specified)	deleted		

Exogenous

Tattoo	edited		
Edits: Renamed category			
Foreign body granuloma	edited		
Edits: Renamed category			
Exogenous, other (to be specified)	edited		
Edits: Renamed category			

Collision - Only benign proliferations

Collision, Only benign proliferations (to be specified)			
---	--	--	--

Benign - Other

Benign, other (or not readily classifiable; to be specified)			
--	--	--	--

Malignant

Malignant melanocytic proliferations (Melanoma)

Melanoma in situ, NOS			
-----------------------	--	--	--

Modifier: "pigmented;hypomelanotic/amelanotic"

Edits: New modifiers

edited

Melanoma in situ, Lentigo maligna type / melanoma in situ on chronically sun-exposed skin			
---	--	--	--

Modifier: "pigmented;hypomelanotic/amelanotic"

Edits: New modifiers

edited

Melanoma in situ, Acral / acral-lentiginous			
---	--	--	--

Modifier: "pigmented;hypomelanotic/amelanotic"

Edits: New modifiers

edited

Melanoma in situ, Mucosal (site to be specified: e.g. lip, oral mucosa, genital, other)			
---	--	--	--

Modifier: "pigmented;hypomelanotic/amelanotic"

Edits: New modifiers

edited

Melanoma in situ, Superficial spreading			
---	--	--	--

Modifier: "pigmented;hypomelanotic/amelanotic"

Edits: New modifiers

edited

Melanoma in situ, Pagetoid			
---------------------------------------	--	--	--

Modifier: "pigmented;hypomelanotic/amelanotic"

deleted

Melanoma in situ, Recurrent / persistent			
--	--	--	--

Modifier: "pigmented;hypomelanotic/amelanotic"

Edits: New modifiers

edited

Melanoma in situ, associated with a nevus; require to specify nevus type (____)			
---	--	--	--

added

<i>Modifier:</i> "pigmented;hypomelanotic/amelanotic"			
Melanoma in situ, other (to be specified)			
<i>Modifier:</i> "pigmented;hypomelanotic/amelanotic"	edited		
<i>Edits:</i> New modifiers			
Melanoma Invasive, NOS			
<i>Modifiers:</i> "Breslow depth __mm;Depth unknown;Melanoma transected at base, depth at least __mm" <i>and</i> "Ulcerated;Not ulcerated"			
Melanoma Invasive, Superficial spreading			
<i>Modifiers:</i> "Breslow depth __mm;Depth unknown;Melanoma transected at base, depth at least __mm" <i>and</i> "Ulcerated;Not ulcerated"			
Melanoma Invasive, On chronically sun-exposed skin / lentigo maligna melanoma			
<i>Modifiers:</i> "Breslow depth __mm;Depth unknown;Melanoma transected at base, depth at least __mm" <i>and</i> "Ulcerated;Not ulcerated"			
Melanoma Invasive, Acral / Acral-lentiginous			
<i>Modifiers:</i> "Breslow depth __mm;Depth unknown;Melanoma transected at base, depth at least __mm" <i>and</i> "Ulcerated;Not ulcerated"			
Melanoma Invasive, Nodular			
<i>Modifiers:</i> "Breslow depth __mm;Depth unknown;Melanoma transected at base, depth at least __mm" <i>and</i> "Ulcerated;Not ulcerated"			
Melanoma Invasive, Desmoplastic (indicate if associated with lentigo maligna)			
<i>Modifiers:</i> "Breslow depth __mm;Depth unknown;Melanoma transected at base, depth at least __mm" <i>and</i> "Ulcerated;Not ulcerated"			
Melanoma Invasive, Neurotropic			
<i>Modifiers:</i> "Breslow depth __mm;Depth unknown;Melanoma transected at base, depth at least __mm" <i>and</i> "Ulcerated;Not ulcerated"			
Melanoma Invasive, Nevoid			
<i>Modifiers:</i> "Breslow depth __mm;Depth unknown;Melanoma transected at base, depth at least __mm" <i>and</i> "Ulcerated;Not ulcerated"			
Melanoma Invasive, Spitzoid (melanoma			

resembling Spitz nevus / tumor) <i>Modifiers:</i> "Breslow depth __mm;Depth unknown;Melanoma transected at base, depth at least __mm" and "Ulcerated;Not ulcerated"			
Melanoma Invasive, Pigmented spindle cell nevus like (melanoma resembling Reed nevus) <i>Modifiers:</i> "Breslow depth __mm;Depth unknown;Melanoma transected at base, depth at least __mm" and "Ulcerated;Not ulcerated"			
Melanoma Invasive, Blue nevus-like (melanoma resembling or originating from a blue nevus) <i>Modifiers:</i> "Breslow depth __mm;Depth unknown;Melanoma transected at base, depth at least __mm" and "Ulcerated;Not ulcerated"			
Melanoma Invasive, Recurrent / persistent <i>Modifiers:</i> "Breslow depth __mm;Depth unknown;Melanoma transected at base, depth at least __mm" and "Ulcerated;Not ulcerated"			
Melanoma Invasive, Mucosal (site to be specified: e.g, lip, oral mucosa, genital, other) <i>Modifiers:</i> "Breslow depth __mm;Depth unknown;Melanoma transected at base, depth at least __mm" and "Ulcerated;Not ulcerated"			
Melanoma Invasive, Heavily pigmented (resembling epithelioid blue nevus or melanoma developing in animals) <i>Modifiers:</i> "Breslow depth __mm;Depth unknown;Melanoma transected at base, depth at least __mm" and "Ulcerated;Not ulcerated"			
Melanoma Invasive, Arising in a congenital nevus <i>Modifiers:</i> "Breslow depth __mm;Depth unknown;Melanoma transected at base, depth at least __mm" and "Ulcerated;Not ulcerated"			
Melanoma Invasive, Associated with a nevus;			

added

<p>require to specify nevus type (____)</p> <p><i>Modifiers:</i> "Breslow depth __mm;Depth unknown;Melanoma transected at base, depth at least __mm" and "Ulcerated;Not ulcerated"</p> <p>Melanoma Invasive, other (to be specified)</p> <p><i>Modifiers:</i> "Breslow depth __mm;Depth unknown;Melanoma transected at base, depth at least __mm" and "Ulcerated;Not ulcerated"</p> <p>Melanoma metastasis</p> <p><i>Modifier:</i> "Epidermotropic;Non-epidermotropic"</p>			
--	--	--	--

Malignant epidermal proliferations

<p>Puva-associated keratosis</p> <p><i>Modifier:</i> "Histopathologically pigmented;Histopathologically non-pigmented"</p>		deleted	
<p>Arsenical-associated keratosis</p> <p><i>Modifier:</i> "Histopathologically pigmented;Histopathologically non-pigmented"</p>		deleted	
<p>Squamous cell carcinoma in situ, NOS</p> <p><i>Modifier:</i> "Histopathologically pigmented;Histopathologically non-pigmented"</p>			
<p>Squamous cell carcinoma in situ, Solar keratotic type</p> <p><i>Modifier:</i> "Histopathologically pigmented;Histopathologically non-pigmented"</p>		deleted	
<p>Squamous cell carcinoma in situ, Bowens disease</p> <p><i>Modifier:</i> "Histopathologically pigmented;Histopathologically non-pigmented"</p>			
<p>Digitated squamous cell carcinoma in situ</p> <p><i>Modifier:</i> "Histopathologically pigmented;Histopathologically non-pigmented"</p>	deleted		
<p>Squamous cell carcinoma in situ, other (to be specified)</p> <p><i>Modifier:</i> "Histopathologically pigmented;Histopathologically non-pigmented"</p>			
<p>Verrucous carcinoma, Oral florid papillomatosis type</p>			

<p>Modifier: "Histopathologically pigmented;Histophathologically non-pigmented"</p> <p>Verrucous carcinoma, Carcinoma cuniculatum type</p> <p>Modifier: "Histopathologically pigmented;Histophathologically non-pigmented"</p> <p>Verrucous carcinoma, Giant condyloma type</p> <p>Synonym: Buschke-Lowestein tumor</p> <p>Modifier: "Histopathologically pigmented;Histophathologically non-pigmented"</p> <p>Verrucous carcinoma, NOS</p> <p>Modifier: "Histopathologically pigmented;Histophathologically non-pigmented"</p> <p>Bowenoid papulosis</p> <p>Modifier: "Histopathologically pigmented;Histophathologically non-pigmented"</p> <p>Keratoacanthoma</p> <p>Modifiers: "Histopathologically pigmented;Histophathologically non-pigmented" and "Not involuting; Involuting"</p> <p>Edits: Added modifier</p> <p>Squamous cell carcinoma, Invasive, NOS</p> <p>Modifier: "Well differentiated;Moderately differentiated;Poorly differentiated;Differentiation not specified"</p> <p>Squamous cell carcinoma, Invasive, Keratoacanthoma-type (syn: SCC with Keratoacanthoma-features)</p> <p>Modifier: "Well differentiated;Moderately differentiated;Poorly differentiated;Differentiation not specified"</p> <p>Squamous cell carcinoma, Invasive, Acantholytic</p> <p>Modifier: "Well differentiated;Moderately differentiated;Poorly differentiated;Differentiation not specified"</p> <p>Squamous cell carcinoma, Invasive, Spindle cell</p> <p>Modifier: "Well differentiated;Moderately</p>			
	added		
	edited		

differentiated;Poorly differentiated;Differentiation not specified"			
Squamous cell carcinoma, Invasive, Verrucous <i>Modifier:</i> "Well differentiated;Moderately differentiated;Poorly differentiated;Differentiation not specified"			
Squamous cell carcinoma, Invasive, Adeno-squamous <i>Modifier:</i> "Well differentiated;Moderately differentiated;Poorly differentiated;Differentiation not specified"			
Squamous cell carcinoma, Invasive, Clear cell <i>Modifier:</i> "Well differentiated;Moderately differentiated;Poorly differentiated;Differentiation not specified"			
Squamous cell carcinoma, Invasive, Sarcomatoid <i>Modifier:</i> "Well differentiated;Moderately differentiated;Poorly differentiated;Differentiation not specified"	added		
Squamous cell carcinoma, Invasive, other (to be specified) <i>Modifier:</i> "Well differentiated;Moderately differentiated;Poorly differentiated;Differentiation not specified"			

Malignant adnexal epithelial proliferations - Follicular

Basal cell carcinoma, NOS <i>Modifier:</i> "Histopathologically pigmented;Histopathologically non-pigmented"			
Basal cell carcinoma, Superficial <i>Modifier:</i> "Histopathologically pigmented;Histopathologically non-pigmented"			
Basal cell carcinoma, Nodular <i>Modifier:</i> "Histopathologically pigmented;Histopathologically non-pigmented"			
Basal cell carcinoma, Micronodular <i>Modifier:</i> "Histopathologically pigmented;Histopathologically non-pigmented"			

Basal cell carcinoma, Infiltrating <i>Modifier:</i> "Histopathologically pigmented;Histopathologically non-pigmented"			
Basal cell carcinoma, Sclerosing / morpheaform (morphoeic) <i>Modifier:</i> "Histopathologically pigmented;Histopathologically non-pigmented"			
Baso-squamous carcinoma <i>Modifier:</i> "Histopathologically pigmented;Histopathologically non-pigmented"			
Basal cell carcinoma with adnexal differentiation <i>Modifier:</i> "Histopathologically pigmented;Histopathologically non-pigmented"			
Basal cell carcinoma with sarcomatoid differentiation <i>Modifier:</i> "Histopathologically pigmented;Histopathologically non-pigmented"			
Basal cell carcinoma, Fibroepithelial Synonym: Pinkus tumor <i>Modifier:</i> "Histopathologically pigmented;Histopathologically non-pigmented"			
Basal cell carcinoma, Combined subtypes (details of all components to be specified) <i>Modifier:</i> "Histopathologically pigmented;Histopathologically non-pigmented"			
Basal cell carcinoma, other (to be specified) <i>Modifier:</i> "Histopathologically pigmented;Histopathologically non-pigmented"			
Matrical / pilomatrical carcinoma			
Proliferating trichilemmal carcinoma Synonym: Proliferating isthmic-catagen carcinoma			
Malignant adnexal epithelial proliferations, Follicular, other (to be specified)			

Malignant adnexal epithelial proliferations - Sebaceous

Sebaceous carcinoma			
---------------------	--	--	--

Malignant adnexal epithelial proliferations, Sebacous, other (to be specified)			
---	--	--	--

Malignant adnexal epithelial proliferations - Apocrine or Eccrine

Paget disease, Mammary Paget disease, Extra-mammary Microcystic adnexal carcinoma Apocrine carcinoma, NOS Tubular carcinoma Malignant mixed tumor Porocarcinoma Hidradenocarcinoma Mucinous carcinoma Digital papillary carcinoma Adenoid cystic carcinoma Adnexal adenocarcinoma arising in association with spiradenoma / cylindroma / spiradenocylindroma Malignant adnexal epithelial proliferations, Apocrine or Eccrine, other (to be specified)			
---	--	--	--

Malignant soft tissue proliferations - Vascular

Kaposi sarcoma Angiosarcoma cutaneous, Face and scalp of elderly patients Angiosarcoma cutaneous, NOS Angiosarcoma cutaneous, With associated lymphedema Angiosarcoma cutaneous, Post-irradiation Angiosarcoma cutaneous, Epithelioid Malignant glomus tumor Synonym: Glomangiosarcoma Hemangioendothelioma, NOS			
---	--	--	--

Hemangioendothelioma, Kaposiform			
Hemangioendothelioma, other (to be specified)			
Malignant soft tissue proliferations, Vascular, other (to be specified)			

Malignant soft tissue proliferations - Fibro-histiocytic

Atypical fibroxanthoma			
Pleomorphic undifferentiated sarcoma Synonym: Malignant fibrous histiocytoma			
Dermatofibrosarcoma protuberans (DFSP)			
Fibrosarcoma			
Epithelioid sarcoma			
Malignant Soft tissue proliferations, Fibro- histiocytic, other (to be specified)			

Malignant soft tissue proliferations - Muscle tissue or myofibroblastic

Leiomyosarcoma, Cutaneous			
Rhabdomyosarcoma, Cutaneous			
Atypical intradermal smooth muscle tumor	added		
Malignant Soft tissue proliferations, Muscle tissue, other (to be specified)			

Malignant soft tissue proliferations - Adipocytic

Liposarcoma, Well differentiated			
Liposarcoma, Undifferentiated Synonym: Atypical lipomatous tumor			
Malignant soft tissue proliferations, Adipocytic, other (to be specified)			

Malignant soft tissue proliferations - Neural

Malignant peripheral nerve sheath tumor Synonym: Peripheral nerve sheath sarcoma			
Malignant granular cell tumor			

Synonym: Granular cell sarcoma			
Malignant soft tissue proliferations, Neural, other (to be specified)			
Malignant soft tissue proliferations - Cartilagenous and ossifying			
Extraskkeletal osteosarcoma			
Malignant soft tissue proliferations, Cartilagenous and ossifying, other (to be specified)			
Malignant soft tissue proliferations - Myoepithelial			
Myoepithelial sarcoma			
Malignant soft tissue proliferations - Unknown or other histiogenesis			
Ewing sarcoma, Primary cutaneous			
Malignant soft tissue proliferations, Unknown or other histiogenesis, other (to be specified)			
Merkel cell proliferation			
Merkel cell carcinoma			
Lymphocytic proliferations - T-Cell/NK			
Mycosis fungoides, NOS			
Mycosis fungoides, Folliculotropic			
Mycosis fungoides, Pagetoid reticulosis			
Mycosis fungoides, Granulomatous slack skin			
Mycosis fungoides, With large cell transformation			
Sezary syndrome			
Adult T-cell leukemia / lymphoma			
Primary cutaneous CD4+ small/medium T-cell lymphoproliferative disorder	added		

Primary cutaneous CD30+ lymphoproliferative disease, NOS			
Primary cutaneous CD30+ lymphoproliferative disease, Cutaneous anaplastic large cell lymphoma			
Primary cutaneous CD30+ lymphoproliferative disease, Lymphomatoid papulosis			
Subcutaneous panniculitis-like T-cell lymphoma			
Extranodal NK/T-cell lymphoma, Nasal type			
Chronic active EBV infection			
Primary cutaneous peripheral T-cell lymphoma, Rare subtype, NOS			
Primary cutaneous peripheral T-cell lymphoma, Rare subtype (to be specified)			
Primary cutaneous peripheral T-cell lymphoma, NOS			
Lymphocytic proliferation, T-Cell/NK, other (to be specified)			

Lymphocytic proliferations - B-Cell

Primary cutaneous marginal zone lymphoma			
Primary cutaneous follicle center lymphoma			
Primary cutaneous large B-Cell lymphoma			
EBV1+ mucocutaneous ulcer (provisional)			
Intravascular large B-cell lymphoma			
Lymphocytic proliferation, B-Cell, other (to be specified)			

Skin metastasis of internal solid (non-hematological) cancer

Skin metastasis of internal solid (non-hematological) cancer (to be specified)			
--	--	--	--

Collision - At least one malignant proliferation

Collision, At least one malignant proliferation			
---	--	--	--

(to be specified)

Malignant - Other

Malignant, other (or not readily classifiable; to be specified)

Indeterminate

Indeterminate melanocytic proliferations

~~Pagetoid intraepidermal melanocytic proliferation (PIMP)~~

Modifiers: "MPATH II;MPATH III" *and*

"Histopathological report favors nevus;Histopathological report favors melanoma in situ;Histopathological report undecided"

deleted

Atypical intraepithelial melanocytic proliferation (AIMP)

Modifiers: "MPATH II;MPATH III" *and*

"Histopathological report favors nevus;Histopathological report favors melanoma in situ;Histopathological report undecided"

~~Atypical melanocytic neoplasm, Junctional~~

Modifiers: "MPATH II;MPATH III" *and*

"Histopathological report favors nevus;Histopathological report favors melanoma in situ;Histopathological report undecided"

deleted

Edits: Combined

Atypical Spitz tumor, Junctional

Modifiers: "MPATH III" *and* "Histopathological report favors nevus;Histopathological report favors melanoma;Histopathological report undecided"

Atypical Spitz tumor, Compound

Modifiers: "MPATH III" *and* "Histopathological report favors nevus;Histopathological report favors melanoma;Histopathological report undecided"

Atypical Spitz tumor, Dermal (intra dermal)

Modifiers: "MPATH III" *and* "Histopathological

report favors nevus;Histopathological report favors melanoma;Histopathological report undecided"		
Atypical pigmented spindle cell tumor Synonym: Additional MODIFIER: Junctional / Compound Modifiers: "MPATH III" <i>and</i> "Histopathological report favors nevus;Histopathological report favors melanoma;Histopathological report undecided" Edits: Combined, additional modifier	edited	
Atypical pigmented spindle cell tumor, Compound Modifiers: "MPATH III" <i>and</i> "Histopathological report favors nevus;Histopathological report favors melanoma;Histopathological report undecided" Edits: Combined	deleted	
Atypical proliferative nodules in congenital melanocytic (Moderate or severe atypia OR mitotic activity) Modifiers: "MPATH III" <i>and</i> "Histopathological report favors nevus;Histopathological report favors melanoma;Histopathological report undecided"		
Superficial atypical melanocytic proliferation of uncertain significance (SAMPUS) Modifiers: "MPATH II;MPATH III;MPATH IV" <i>and</i> "Histopathological report favors nevus;Histopathological report favors melanoma;Histopathological report undecided"		
Melanocytic tumor of uncertain malignant potential (MELTUMP) Modifiers: "MPATH IV;MPATH V" <i>and</i> "Histopathological report favors nevus;Histopathological report favors melanoma;Histopathological report undecided"		
Atypical melanocytic neoplasm Synonym: Additional MODIFIER: Junctional / Compound Modifiers: "MPATH III;MPATH IV;MPATH V" <i>and</i> "Histopathological report favors nevus;Histopathological report favors	edited	

melanoma;Histopathological report undecided"
Edits: Combined, additional modifier
 Indeterminate melanocytic proliferation, other
 (to be specified)
Modifiers: "MPATH II;MPATH III;MPATH
 IV;;MPATH V" *and* "Histopathological report
 favors nevus;Histopathological report favors
 melanoma;Histopathological report undecided"

Indeterminate epidermal proliferations

Solar (actinic) keratosis, NOS
Modifier: "Histopathologically
 pigmented;Histophathologically non-pigmented"
Edits: Changed supercategory to Indeterminate

Solar (actinic) keratosis, Hypertrophic
Synonym: Hyperplastic solar keratosis
Modifier: "Histopathologically
 pigmented;Histophathologically non-pigmented"
Edits: Changed supercategory to Indeterminate

Solar (actinic) keratosis, Atrophic
Modifier: "Histopathologically
 pigmented;Histophathologically non-pigmented"
Edits: Changed supercategory to Indeterminate

Solar (actinic) keratosis, Acantholytic
Modifier: "Histopathologically
 pigmented;Histophathologically non-pigmented"
Edits: Changed supercategory to Indeterminate

Solar (actinic) keratosis, Bowenoid
Modifier: "Histopathologically
 pigmented;Histophathologically non-pigmented"
Edits: Changed supercategory to Indeterminate

Solar (actinic) keratosis, Lichenoid
Modifier: "Histopathologically
 pigmented;Histophathologically non-pigmented"
Edits: Changed supercategory to Indeterminate

Solar (actinic) keratosis, other (to be specified)
Modifier: "Histopathologically
 pigmented;Histophathologically non-pigmented"
Edits: Changed supercategory to Indeterminate
